Directory Last Updated: 09/22/2025

This directory information is updated six days per week, excluding holidays, Sundays, or interruptions due to system maintenance, upgrades or unplanned outages. This information is subject to change at any time. Providers may delay informing Cigna that they no longer accept new patients so we cannot guarantee that each provider is still accepting new patients. When calling to make your appointment, please confirm that the provider is a Cigna participating provider. Call Cigna Customer Service 24/7 /365 at the toll-free number on the back of your Cigna ID card for additional directory assistance including help locating a network provider for services and appointment assistance, confirming provider participation, and assistance generating a provider listing or obtaining a printed copy of the current provider directory.

Source of Information and Frequency of Validation

Medical health care provider information addressing board certification, state licensure and hospital affiliations is obtained from an application that is completed and signed by the health care provider or facility during credentialing, as applicable. Physician board certification is verified through the American Board of Medical Specialties (ABMS) or American Osteopathic Association (AOA). This information is updated when the medical health care provider or facility notifies Cigna of changes, or at least every three years.

Provider Network Selection Criteria

Cigna contracts with physicians, physician groups, dental healthcare providers professionals, associations and delivery systems, hospitals, ancillary practitioners, and facilities so that our customers can obtain the care they need at a more affordable cost. To build our networks, including marketplace networks, we look at how many primary and specialty care doctors are in a specific area. We also look at hospitals and other health care providers. This way we can make sure there are enough health care providers available to meet your health care needs so that you don't have to go a long way or spend a lot of time getting there. All doctors and hospitals must meet certain credentialing requirements and agree to rates with us before joining our network. We don't use measures related to quality, member experience, patient safety or cost to select providers.
